

# I-70/SH 58 Interchange Improvement Project

---

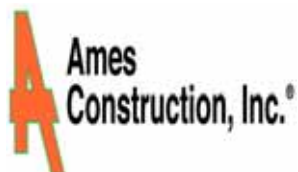

## What Work Is Taking Place?

### Eastbound I-70 between State Highway (SH) 58 and 32nd Avenue:

- Preparatory work continues for deck installation on top of the newly installed girders.
- We will be finishing the relocation of the shore towers along I-70 to State Highway 58 this month.
- Retaining wall construction continues this month between eastbound I-70 and Youngfield Street.
- We will continue with girder installation on the section of I-70 that crosses over SH 58.
- We will complete the installation of high-mast lighting along I-70 this month.
- We will begin installing deck reinforcement on the new flyover bridge from eastbound I-70 to westbound State Highway (SH) 58.
- There will be a reduction of detours and closures as work on the project continues to progress.

**Effective Friday, May 2nd the bike path will be returned to its original configuration.**

## Traffic Impacts:

**I-70:** Intermittent single lane closures can be expected Monday through Friday from 8:30 a.m. to 3:30 p.m. In addition, single and/or double lane closures may take place on eastbound or westbound I-70 from Ward Road to 32nd Avenue Sunday through Thursday from 7 p.m. to 5 a.m. this month.
